

Section 16: Satisfactory Academic Progress (SAP)

16.1 Satisfactory Academic Progress Policy

The satisfactory academic progress (SAP) policy applies to all students enrolled in Council on Occupational Accreditation Agencies and Florida Department of Education approved programs whether receiving Federal Title IV, HEA funds.

The **Cosmetology program** (1200 clock hours and 50 weeks) is the only course that is currently eligible for Title IV, HEA funding.

Satisfactory Progress in attendance and academic work is a requirement. Academic work is evaluated on a cumulative basis. Students must maintain SAP to continue eligibility for Title IV funding.

To determine SAP, all students are evaluated in academics and attendance at the evaluation points listed below. Students are advised of their academic and attendance status via a progress report.
