## Annual Security Report 668.46(b)

Person Responsible:	Nicola Barlow, Manager of Career Enhancement
Area Information is located:	Room 01-028 in Administrative Offices
Date Document was last updated:	9/02/2018
Date Policy & Procedure was last updated:	9/02/2018

The Campus Security Act (Public Law 102-26) requires postsecondary institutions to disclose the number of instances in which certain specific types of crimes have occurred in any building or on any property owned or controlled by this institution which is used for activities related to the educational purpose of the institution and/or any building or property owned or controlled by student organizations recognized by this institution. In compliance with that law, the following reflects this institution's crime statistics for the period between 8/15/2017 and 12/31/2017.

The report also covers general information, policy and procedures relating to crimes on campus, definitions of violence, who to contact in the event of a crime, and crime prevention and awareness programs. Finally, our crime statistics for the reporting period are detailed.

See attached map for the campus which includes outlines the building and parking lots that students use while attending classes at Suncoast Technical Education Center

**Note:** In complying with the crime statistical reporting requirements, Suncoast Technical Education Center provides a map to current and prospective students and employees that depict its campus. (Suncoast Technical Education Center does not have non-campus building or property, and public property areas)

## **General Information:**

1. This institution does not employ campus security personnel but encourages both its employees and students to immediately report suspected criminal activity or other emergencies to the nearest available campus resource officer, institutional official and/or in the event of emergency to directly contact local law enforcement or other emergency response agencies by dialing (911). Suncoast Technical Education Center works closely with Hernando County Sheriff's Office and has a School Resource Officer allocated to the site. For those students/employees who are unable to report, great emphasis is placed utilizing campus officials to assist in the decision and report crimes.
2. All students and employees are required to report any crime or emergency to their institutional official promptly. If a student or employee wishes to report a crime on a voluntary or confidential basis, the institutional official will be prepared to record and report the crime, but not the name of the informant. The student or employee may, in order to maintain confidentiality, submit the information in writing to his/her institutional official without signature. If the student/employee wishes not to maintain confidentiality, the student will contact his/her instructor or school official who in turn will contact the nearest supervisor to report criminal actions or emergencies to the appropriate agency by calling (911). There is no procedure for professional or pastoral counselors to inform those they counsel of procedures for reporting crimes voluntarily or confidentially.
3. Preparation for the Annual Disclosure of Crime Statistics report is obtained by the institution's Supervisor of Adult & Technical Education who contacts the correct police department District for statistics and the institution's "Daily Incident Log", and then records those statistics. The confidentiality of victims will be preserved during Clery Act reporting and disclosures in accordance with Section 40002(a) (20) of the Violence Against Women Act of 1994 (42 U.S.C. 13925(a) (20). Additionally, any accommodations or protective measures provided to the victim will remain confidential.
4. Only students, employees and other parties having business with this institution should be on institutional property. Staff, faculty, students, and prospective students or any person entering the premises must have and display at all times a security identification badge. Those without an identification badge must sign in at the entrance and identify their purpose of visit, the person to be visited and register their time in and out of the building. The visitor must also wear a visitor's badge while on campus. Note that the school does not have any officially recognized student organizations with non-campus locations. All rear access doors leading to the campus are closed and locked during evening hours. When the school closes for the night, the school's official or supervisor will inspect each floor to see that it is empty. The evening time custodial team then set the alarms on each floor and then lock down the campus. The custodial team will also check that walkways are lit both inside and outside the facility. Other individuals present on institutional property at any time without the express permission of the appropriate institutional official(s) shall be viewed as trespassing and may as such be subject to a fine and/or arrest. In addition, students and employees present on institutional property during periods of non-operation without the express permission of the appropriate institutional official(s) shall also be viewed as trespassing and may also be subject to a fine and/or arrest. Note that Suncoast Technical Education Center does

not have campus residences, nor do we have any officially recognized student organizations with off campus facilities.

5. Current policies concerning campus law enforcement are as follows:
  - a) Institution's officials have no powers of arrest other than the Citizens Arrest Law, and are required in the event of a crime or emergency to call the correct agency or dial (911) for the police and emergency services. The Citizens Arrest Law will be invoked only as a last resort, and after all other possibilities have been explored. Our campus does not have security personnel employed.
  - b) Employees shall contact their immediate or nearest ranking supervisor to report any criminal action or emergency to the appropriate agency by calling (911). If possible, in the interim, institutional official shall attempt to non-violently deal with the crime or emergency with the appropriate agency on campus. Individual discretion must be used, as undue risk should not be taken. Accurate and prompt reporting of all crimes is a priority for administrators, staff and students alike. Campus resource officers provided by Hernando County Sheriff's Office are available to investigate reports of potential crimes also. The Hernando County School District has a contract for providing resource officers to sites within the school jurisdiction.
  - c) The institution currently has no procedures for encouraging or facilitating pastoral or professional counseling (mental health or otherwise), other than the student or employee is encouraged to seek such aid. Locally students can be referred to agencies experienced in such matters.
  - d) The institution is not required to report statistics for crimes reported to a pastoral or professional counselor.
6. Students are encouraged to exercise proper care in seeing to their own personal safety and the safety of others. The following is a description of policies, rules and programs designed to inform students and employees about the prevention of crimes on campus.
  - a) Do not leave personal property in classrooms
  - b) Report to your institutional official, any suspicious persons.

All faculty undergo an annual training on campus security and all students receive written confirmation of campus security procedures during enrollment and at their orientation. The school also provides written notification about existing counseling, health, mental health, victim advocacy, legal assistance, visa and immigration assistance, student financial aid, and other services available within the school and in the community. ## **EMERGENCY RESPONSE AND EVACUATION DRILLS**

Suncoast Technical Education Center conducts a scheduled test of each emergency response and evacuation procedures at least once a year. The test is unannounced to the students and takes place at a time when most of the students, faculty and staff are expected to be present on campus. The drills contain exercises and are logged and addresses the coordination efforts of other agencies. An emergency response log is maintained in the Supervisor of Adult & Technical Education’s office and includes the date, time and whether the Drill was announced or unannounced. There are drill practices for:

- Bomb Threat <https://www.hernandoschools.org/cms/module/selectsurvey/TakeSurvey.aspx?SurveyID=105>
- Campus Lockdown - <https://www.hernandoschools.org/cms/module/selectsurvey/TakeSurvey.aspx?SurveyID=106>
- Fire - <https://www.hernandoschools.org/cms/module/selectsurvey/TakeSurvey.aspx?SurveyID=107>
- Tornado - <https://www.hernandoschools.org/cms/module/selectsurvey/TakeSurvey.aspx?SurveyID=110>

A follow-through review is conducted of the test and whether the goals of the emergency plan have been met. Strategies to ensure that everyone involved in the emergency response and notification process will understand their role and responsibility. In order to inform our campus community about our emergency response and evacuation procedures we will publicize in conjunction with at least one test per calendar year.

### **Timely Warning**

Suncoast Technical Education Center will alert the campus community to certain crimes in a manner that is timely and will aid in the prevention of similar crimes. The warning will be issued as soon as pertinent information is available. Information disseminated will help promote safety that would aid in the prevention of similar crimes.

## CAMPUS DISCIPLINARY ACTIONS

1. The Suncoast Technical Education Center Student Handbook & Program Catalog outlines the procedures for campus disciplinary action in cases of alleged domestic violence, dating violence or stalking. Under these procedures, both the accuser and accused are entitled to the same opportunities to have others present during disciplinary proceedings. Additionally, both the accuser and accused will be informed of the outcome of any institutional disciplinary proceeding. A student found to have violated Suncoast Technical Education Center behavior standards related to domestic violence, dating violence or stalking may be suspended or expelled from SunTech for the first offense. Statistics gathered through this process will be included in required annual reporting. Students and employees who are the victims of domestic violence, dating violence or stalking that occur at locations other than the campuses of SunTech should report those incidents to the appropriate law enforcement agency. Any such incident in which the offender is also a SunTech student should be reported to the Center so that appropriate protective measures may be taken. In any case, victims of domestic violence may appear before the Clerk of Court in the victim's county of residence and apply for a Domestic Violence Protective Order under the provisions of Chapter 741, F.S. When applying for such a process, the plaintiff (victim) should ensure that SunTech is included in the specified list of locations from which the respondent (offender) is prohibited. The plaintiff should also ensure that the SunTech is provided with a copy of any order of protection or Domestic Violence Protective Order. A violation of any Domestic Violence Protective Order is, of itself, a criminal violation subject to immediate arrest. In some situations, upon advice of legal counsel, a student or employee may petition the Court for a civil restraining order. If such a process is issued, the Center should be notified. A violation of any civil process is not a criminal offense subject to arrest. The Center, however, has the option to ban from all SunTech campuses an offender who otherwise has no official Center business. The Court may find a respondent who violates a civil restraining order in contempt and issue an order for arrest.
2. The institution will provide written notification to victims about options for available assistance in, and how to request changes in living, transportation and working situations, or protective measures as requested providing they are reasonably available.
3. All incidents shall be recorded in the Institutions daily Incident Log located on campus at the Administration Office of the Supervisor of Adult & Technical Education. The log includes the date, time, location, incident reported, and disposition of incident and the name of the person who took the report. The report must be entered in the log with two (2) business days after it is reported to the school's official, unless that disclosure is prohibited by law, would endanger the confidentiality of the victim.

4. This institution does not permit the use, sale, possession or consumption of alcoholic beverages on school property and adheres to and enforces all state underage-drinking laws.
5. The institution does not permit the possession, use or sale of illegal drugs by its employees and students and adheres to and enforces all State and Federal drug laws. The violations of these policies by students or employees may result in expulsion, termination and/or arrest.
6. An information brochure concerning drug and alcohol abuse education program are posted at campus and is distributed annually to students and staff each year. At enrollment students sign a statement regarding the federal financial student aid penalties for drug law violation. A behavioral resource guide detailing services throughout the county is available to students and employees on request. Students and employees can also be referred to the Substance Abuse & Prevention Education department of the Hernando County School District.
7. Sexual assaults (criminal offences) on campus will be accurately reported immediately to the institution's official, who will report it to (911) emergency and police units, when the victim of crime elects to, or is unable to, make such a report. The person who was victimized will be encouraged to seek counseling at a rape crisis center and to maintain all physical evidence until such a time as that person can be properly transported to a hospital or rape crisis center for proper treatment. This institution has zero tolerance of such assault; the violation of this policy by students or employees may result in expulsion, while investigations are being followed, termination and/or arrest.
8. The Institution encourages all students and employees to be responsible for their own security and the security of others. Please report any known criminal offenses occurring on campus to the school administration.
9. In the event a sex offense should occur on campus, the victim should take the following steps:
  - Report the offense to the school administration immediately.
  - Preserve any evidence as may be necessary to the proof of the criminal offense.
  - Request assistance, if desired, from school administration in reporting the crime to local law enforcement agencies.
  - Request a change in the academic situation if necessary.
  - The victim also has the option to decline to notify the authorities.
10. In the event a student or employee reports to the school that the student or employee has been a victim of dating violence, domestic violence, sexual assault, or stalking, whether the offence occurred on or off campus, the school will provide the student or employee a written explanation of the student or employee's rights and options.
  - Request assistance, if desired, from school administration in reporting the crime to local law enforcement agencies.
  - Request a change in the academic situation if necessary.
  - The victim also has the option to decline to notify the authorities.

11. On campus disciplinary action in cases of alleged sexual assault, dating violence, domestic violence and stalking will be based on the findings of the law enforcement agency investigating the facts pertaining to the crime and other mitigating circumstances.
12. These records are available upon request through the administrative offices.
  
13. Information for crime victims about disciplinary proceedings. The institution will provide both the accused and the accuser with simultaneous written notification of any results of any institutional disciplinary proceedings that arise from an allegation of dating violence, domestic violence, sexual assault or stalking. Disclose to the alleged victim of any crime of violence, or a non-forcible sex offense, the results of any disciplinary proceedings conducted by the institution against a student who is the alleged perpetrator of such crime or offense will be provided. If the alleged victim is deceased as a result of the crime or offense, the information shall be provided, upon request to the next of kin of the alleged victim. This provision applies to any disciplinary proceeding conducted by the institution on or after August 14, 2009.
  
14. As part of the Crime Control and Law Enforcement Act of 1994, the institution is required to make the following link/information available to the campus community where information can be accessed regarding registered sex offenders. The Florida Department of Law Enforcement hosts the Florida Sexual Offenders and Predators website for the exact location determination.  
Link: <http://www.offender.fdle.state.fl.us/offender/homepage.do>  
Link: <http://www.city-data.com/soz/soz-34604.html>.
  
15. The institution will not withhold, or subsequently remove, a reported crime from its crime statistics based on a decision by a court, coroner, jury, prosecutor, or other similar non campus official.
  
16. The institution may withhold, or subsequently remove, a reported crime from its crime statistics in the rare situation where sworn or commissioned law enforcement personnel have fully investigated the reported crime, and have made a formal determination that the crime is “unfounded.”

Students and employees should refer to the following person or agency when reporting or seeking help on a criminal incident. Please note that any emergency that requires immediate attention should not be waited upon on to report to the technical centers Manager of Career Enhancement but rather contact the appropriate agency by calling (911).

## **VIOLENCE AGAINST WOMEN – Definitions of:**

On March 7, 2013, President Obama signed the Violence Against Women Reauthorization Act of 2013 (VAWA) (Pub. Law 113-4). The HEA defines the new crime categories of domestic violence, dating violence, and stalking in accordance with section 40002(a) of the Violence Against Women Act of 1994 as follows:

1. “Domestic violence” means a “felony or misdemeanor crime of violence committed by—
  - A current or former spouse or intimate partner of the victim,
  - A person with whom the victim shares a child in common,
  - A person who is cohabitating with or has cohabitated with the victim as a spouse or intimate partner,
  - A person similarly situated to a spouse of the victim under the domestic or family violence laws of the jurisdiction receiving grant monies [under the VAWA],
  - Any other person against an adult or youth victim who is protected from that person’s acts under the domestic or family violence laws of the jurisdiction”
  
2. “Dating violence” means “ violence committed by a person –
  - Who is or has been in a social relationship of a romantic or intimate nature with the victim; and
  - Where the existence of such a relationship shall be determined based on a consideration of the following factors:
    - The length of the relationship;
    - The type of the relationship; and
    - The frequency of interactions between the people involved in the relationship.”
  
3. “Stalking” means “engaging in a course of conduct directed at a specific person that would cause a reasonable person to –
  - Fear for his or her safety or the safety of others; or
  - Suffer substantial emotional distress.”
  - Recording reports of stalking can include activities in more than one calendar year and will be recorded in each year.
  - The institution will record each report of stalking as occurring at only the first locations within the school’s Clery geography in which the perpetrator engaged in the stalking course of conduct or the victim first became aware of the stalking.

**If you believe you are a victim of any of these situations you can and should seek out help and assistance from the following agencies:**

Suncoast Technical Education Center does offer regularly scheduled crime awareness or prevention programs that address dating violence, domestic violence, sexual assault and stalking. New students are provided this campus sexual violence act training at orientation. However, in addition we provide annual updated training to employees and existing students that occur every year. Campus safety, through our Safe Plans platform is disseminated to staff in the form of a written document. The Manager of Career Enhancement will visit classrooms at least twice a year to reiterate campus security and practices. Suncoast Technical Education Center strongly prohibits the crimes of dating violence, domestic violence, sexual assault and stalking. Our campus has a training program delivered to students and employees every year – Campus Sexual Violence Act Training – which provides definitions of what constitutes sexual violence, how to recognize abusive behavior, and how to report such actions on and off campus. The document addresses the following for transparency of definition to potential victims:

Dating Violence - Violence committed by a person who is or has been in a social relationship of a romantic or intimate nature with the complainant and where the existence of such a relationship shall be determined based on a consideration of the following factors: the length of the relationship, the type of relationship and the frequency of the interaction between the persons involved in the relationship.

Domestic Violence – includes felony or misdemeanor crimes of violence committed by a current

or former spouse or intimate partner of the complainant, by a person with whom the complainant shares a child in common, by a person who is cohabitating with or has cohabitated with the complainant as a spouse, by a person similarly situated to a spouse of the complainant under the domestic or family violence laws of the State of Florida, or by any other person against an adult or youth victim who is protected from that person's acts under the domestic or family violence laws of the State of Florida. Students requiring immediate assistance are encouraged to contact the Dawn Center 24-Hour Crisis Hotline (352)686-8430.

Sexual Assault – Any attempt to engage in any sexual or intimate act with another person without the consent of the other person or in circumstances in which the person is unable, due to age, alcohol/chemical or other impairment, mental deficiency or incapacity to give consent. It is the responsibility of the person initiating sexual or intimate activity to make sure the other person is capable of consenting to that activity.

Stalking – Engaging in a course of conduct directed at a specific person that would cause a reasonable person to fear for one's safety or the safety of others, or suffer substantial emotional distress.

Any sexual activity without consent given will be considered sexual misconduct. Consent must be free of force, threat, intimidation or coercion. Consent is given by an affirmative verbal response or acts that are unmistakable in their meaning. Consent cannot be given by a person who is asleep, intoxicated, incapacitated or unable to communicate without impaired judgment. Consent to one form of sexual activity does not mean consent is given to another type of activity or subsequent activities. Consent is revocable at any time. Sexual misconduct includes sexual and gender-based harassment, sexual assault, dating violence, domestic violence and stalking.

#### Bystander Intervention

Bystander intervention is a strategy for prevention of various types of violence, including bullying, sexual harassment, sexual assault, and intimate partner violence. It encourages people to get involved when they see something wrong or dangerous – to tell someone, intervene, get help, or speak up. So how do you do it?

#### Use the 3 D's: Direct, Delegate, and Distract

**Direct:** Do something yourself (like ask someone to stop what they're doing, or check on someone you might be worried about).

**Delegate:** If you can't do something yourself because of your barriers, ask a friend, a faculty or staff member, or a trusted peer to help.

**Distract:** If you don't want to address the situation directly or even acknowledge that you can see it, try to think of a distraction that will diffuse the situation or calm things down in the moment. Distractions could be "accidentally" spilling a drink, asking to borrow the phone of someone who is in a risky situation, asking for a ride or starting an unrelated conversation.

### Responding

The first priority of a victim of sexual assault, domestic violence, dating violence or stalking should be to get to a place of safety. The second priority is to obtain necessary medical treatment, if needed. Suncoast Technical Education Center strongly recommends that victims report the incident to law enforcement in a timely manner. Emergency assistance may be requested by calling dial 9-1-1 or during regular business hours on campus, 352-797-7091. Time is a critical factor for evidence collection and preservation. Although, the victim is encouraged to report directly to law enforcement, she/he may choose to report the incident to a SunTech Manager or School Resource Officer who are available to assist the victim in making a report to law enforcement and assuring the victim has access to free confidential counseling from counselors specifically trained in the area of crisis intervention. The SunTech administration can assist the victim in understanding the various options available and support them in any decision to be made. Appropriate community referrals will be made for services as needed. The SunTech Manager can provide victims with a written packet of materials pertaining to campus and community resources related to physical and mental health, victim advocacy, legal assistance, modified academic schedule or delivery method, and alternative transportation options. This information will be provided to victims, regardless of whether the victim reports the crime to law enforcement or not.

The procedures for campus disciplinary action in cases of alleged sexual assaults, domestic violence, dating violence and stalking will provide for a prompt, fair and impartial investigation and resolution. The procedures will be conducted by an administrator or his/her designee who receives annual training on issues related to domestic violence, dating violence, sexual assault and stalking as well as how to conduct a hearing process that protects victim safety and promotes accountability. Under these procedures, both the accuser and accused are entitled to the same opportunities to have others present during disciplinary proceeding including the opportunity to be accompanied to any meeting or hearing by an advisor of their choice. The standard of evidence used during this process is a preponderance of the evidence standard. Additionally, both the accuser and accused will be informed, in writing, of the outcome of any institutional disciplinary proceeding and the applicable appeal process. A student found to have violated SunTech's

behavior standards related to violence or harassment may be suspended or expelled from SunTech for the first offense. Reporting to Law Enforcement whether to pursue an investigation through the criminal justice system or to utilize the established confidential reporting procedures is the personal decision of the victim of a crime. It is extremely important that any sex offense, domestic violence, dating violence or stalking be reported for campus safety purposes and also to meet Federal reporting requirements. The SunTech Administration strongly encourages any victim of sexual assault, domestic violence, dating violence and stalking to pursue his/her legal recourse through criminal prosecution of the offender.

### Reporting procedure

- **Sexual Assault Reporting** When a sexual assault victim contacts SunTech's Administration team the employee's first priority is to tend to the medical needs of the victim. In the case of a forcible sexual assault, the employee will summons emergency medical responders. The victim will be transported to a medical facility for medical treatment and evidence collection. Evidence collected at this stage is critical for a successful prosecution. Therefore, the assault should be reported immediately. Ideally, a victim of a sexual assault should not wash, douche, use the toilet or change clothes prior to the medical examination and treatment. If reported to a law enforcement agency, the officer will gather information in a timely manner, file a police report, attempt to locate the offender, conduct forensic processing of the crime scene and follow other follow-up investigative procedures. Throughout the process, the SunTech Administrators will facilitate the victim in obtaining counseling and support services available through the Center and other organizations.
- **Domestic Violence, Dating Violence or Stalking Reporting** Victims of domestic violence, dating violence or stalking have the option to pursue criminal prosecution through the criminal justice system or disciplinary action through SunTech administration by utilizing the established procedure for voluntary, confidential reporting. Upon the report of an incident of domestic violence, dating violence or stalking made to SunTech's Administration and consent of the victim to do so, the jurisdictional law enforcement agency will be called, and a criminal investigation will be initiated. In cases where probable cause exists that a domestic assault occurred and the offender is present, the offender may be immediately arrested. In cases where the offender is no longer present, the investigating police officer will obtain or assist the victim in obtaining an appropriate arrest warrant. In cases of dating violence that do not fall under the domestic violence protections of Chapter 741, F.S., the investigating police officer will assist the victim in obtaining an appropriate arrest warrant at the victim's discretion. In cases of stalking, the investigation officer will attempt to establish the identity the offender, if not known to the victim, and admonish the offender to cease all stalking behaviors. If the behavior continues, the police officer will obtain an arrest warrant under the provisions of Chapter 741, F.S. In cases where the offender is an employee or student, victims of domestic violence, dating violence or stalking have the option of utilizing the voluntary confidential reporting procedure.

Suncoast Technical Education Center maintains a campus based resource officer from Hernando County Sheriff's office. A daily crime log is maintained that is written and easily understandable. It details any crime occurring within our Clery geography and that is reported to campus police. The log includes the nature, date, time and general location of each crime. The disposition of the complaint if known is also recorded. An entry or addition to the log is made within two business days as defined by 34 CFR668.46 (a).

Information regarding any crimes committed on the campus will be available and posted in a conspicuous place within two (2) business days after the reporting of the crime and be available for sixty (60) business days during normal business hours, unless the disclosure is prohibited by law, would jeopardize the confidentiality of the victim, or an ongoing criminal investigation, the safety of an individual, cause a suspect to flee evade detection: or result in the destruction of evidence. Once the reason for the lack of disclosure is no longer in force, the institution must disclose the information. If there is a request for information that is older than sixty 60 days, that information must be made available within two (2) business days of the request. The crime log for the school is open to public inspection for the most recent 60 day period during normal business hours.
