

Before completing the Residency Affidavit and presenting the required documents to Suncoast Technical Education Center (SUNTECH), you need to consider your dependency status. This is important because it determines whose documents you will need to provide to prove residency—yours or your parent’s or guardian’s. In Florida, students who are under the age of 24, or who will be under the age of 24 when classes begin, are assumed dependent students. Use the checklists below to determine your dependency status.

Independent Student Checklist

- I am over the age of 24, or I will be by the time I first Begin class at SUNTECH.
- I am under the age of 24, but I can document that I earned at least \$7,101 for the last tax year, and I claimed myself as a dependent, or no other person claimed me as a dependent for tax purposes. (Provide a copy of last year’s tax return.)
- I am under the age of 24, but I am married. (Provide a copy of marriage certificate.)
- I am under the age of 24, but I have others who receive more than half of their support from me. (Provide your last year’s tax return showing names and relationship of dependents.)
- I am under the age of 24, but I have been discharged from the military. (Provide copies of your discharge orders.)
- I am under the age of 24, but I was a ward or dependent of the courts before I reached the age of 18. (Provide form(s) from DCF or court documents.)
- I have been classified as an independent person by the SUNTECH Business Office.

NEXT STEPS: If you checked any of the boxes in this column, you are considered **independent**. Complete the Residency Affidavit. Provide the document(s) requested above, and provide Tier 1/Tier 2 documents in your name (see Residency Documents List). Please use the Cover page and checklist for proof of independence on the next page to submit your documents to the SUNTECH Business Office.

Dependent Student Checklist

- I am under the age of 24, and my parents or legal guardian claim me as a dependent for income tax purposes.
- I am under the age of 24 but have lived continuously with an adult relative or another person who has claimed me as a dependent on their income taxes other than my parent for at least three years. (Provide documents proving 12 months physical residency of relative, and that you lived with them for three years.)
- I am under the age of 24, and my stepparent claims me as a dependent for income tax purposes. (Attach copies of legal adoption papers or evidence of relationship for five years).

NEXT STEPS: If you checked any of the boxes in this column, you are considered **dependent**. Have your parents or legal guardian complete the Residency Affidavit. Provide the document(s) listed above and Tier 1/Tier 2 documents in your parent or legal guardian’s name (see Residency Documents List).

If you cannot prove that you are dependent or independent by checking one of the boxes above in the first column, you may write a letter documenting your circumstances to petition that SUNTECH treat you as an independent person for establishing residency for tuition purposes. Your letter must be detailed, compelling, and must document the conditions and reasons that you feel you should be treated as an independent person. Please bring to the Business Office or mail to: Suncoast Technical Education Center, 4057 California St. Brooksville, FL 34604.

Residency Documentation List

At least two of the following documents must be submitted that are dated, issued or filed 12 months before the first day of classes. At least one of the documents must be from Tier 1. **As some evidence is more persuasive than others, more than two may be requested.** No single piece of documentation will be considered conclusive. Additionally, there must be an absence of information that contradicts the applicant's claim of residency.

The burden of providing clear and convincing proof rests with the student, or if the student is a dependent, with his or her parent or guardian. For documents to be "clear and convincing" it must be credible, trustworthy and sufficient to persuade the institution that residency in Florida is not solely for pursuing an education, and that residency in any other states has been relinquished.

All documentation submitted is subject to review and verification.

Tier 1 Documents: At least one of the two documents submitted must be from this list. Both must be dated, issued or filed 12 months before the first day of classes.

- A Florida voter's registration card.
- A Florida driver's license.
- A State of Florida identification card.
- A Florida vehicle registration.
- Proof of a permanent home in Florida, which is occupied as the primary residence by the individual or by the individual's parent if the individual is a dependent child.
- Proof of a homestead exemption in Florida.
- Transcripts from a Florida high school for multiple years (if Florida high school diploma or GED was earned within the last 12 months).
- Proof of permanent full-time employment in Florida for at least 30 hours per week for a consecutive 12-month period.

Tier 2 Documents: Documents that are dated, issued or filed 12 months before the first day of classes from this list may be used in conjunction with documents from Tier 1.

- A Declaration of Domicile in Florida (12 months from the date the document was sworn and subscribed).
- A Florida professional or occupational license.
- A Florida incorporation.
- Proof of membership in Florida-based charitable or professional organization.
- Benefit histories from Florida agencies or public assistance programs.
- Any other documentation that supports the student's request for resident status (may include utility bills and proof of 12 consecutive months of payments; a lease agreement and proof of 12 consecutive months of payments; or an official state, federal, or court document evidencing legal ties to Florida).

Unacceptable Documents: The following items are not acceptable forms of documentation to establish that one has been living in Florida for 12 consecutive months:

- Birth Certificate
- Social Security card
- Passport
- Shopping Club/Rental Cards
- W-2 Form
- Tax Return
- Bank Statements

Florida Statute requires that every applicant for admission to an institution of higher education shall be required to make a statement as to his or her length of residence in the state and, further, shall establish that his or her presence or, if the applicant is a dependent child, the presence of his or her parent or parents in the state currently is, and during the requisite 12-month qualifying period was, for the purpose of maintaining a bona fide domicile, rather than for the purpose of maintaining a mere temporary residence or abode incident to enrollment in an institution of higher education (§1009.21, Florida Statutes). Other persons not meeting the 12-month legal residence requirement may be classified as Florida residents for tuition purposes only if they fall within one of the limited special categories authorized by the Florida Legislature and the State Board of Education. All other persons are ineligible for classification as a Florida resident for tuition purposes.

To qualify as a Florida resident for tuition purposes, you must be a U.S. citizen or a permanent resident alien, or a legal alien granted indefinite stay by the U.S. Immigration and Naturalization Service. Living in or attending school in Florida will not in itself establish legal residence. Students who depend on out-of-state parents for support are presumed to be legal residents of the same state as their parents. Residence in Florida must be for establishing a permanent home and not merely incident to enrollment at an institution of higher education. Documents supporting the establishment of legal residence must be dated, issued or filed 12 months before the first day of classes of the term for which a Florida resident classification is sought and must be valid during the immediate 12 months prior to that term.
