

Student Body Diversity Statement 2017-18

Suncoast Technical Education Center has started reporting student body diversity information to the College Navigator website through the Integrated Postsecondary Education Data System (IPEDS). As a new institution to Title IV Federal Aid we are building our data base currently. Information will be held under the following link: <https://nces.ed.gov/collegenavigator/>.

In the interim the following table represents the percentages of our students who are male, female, self-identified members of a major racial or ethnic group and Federal Pell Grant recipients.

% Male Students	% Female Students	% Self- Identified from major racial/ethnic group	% Pell Grant Recipients
